

NOTICE

The Carlyon Beach Homeowners Association (CBHA) Board of Trustees empowered a Memory Garden group to restore and replant the gardens at the north entrance to our community on May 23, 2023 (see footnote ^A below).

However, all financial, labor and material support for this project is being provided by individual community members, **not by homeowner association dues or funds**. This includes the block wall and planter boxes you see here.

As part of this community, your participation in this effort is invited. Whether volunteering your time or providing additional financial support, the Memory Garden group will appreciate you.

For more information, contact Diane Bradford through the CBHA Website or Office.

Thank you very much!

The Memory Garden Group
