Message from the President:

The Annual Meeting will be held on June 8, 2024. Please make sure that we have your correct mailing address. There is important information in the packet that YOU vote on. You will be given information about the proposed budget for the community, proposed changes to the bylaws, and community members running for open seats on the board. Your participation in this process is essential to the successful running of this community.

Water update: The new well has been completed. The booster pump station has been completed and approved. Once the water plan is approved, we hope to be allotted an increased number of water connections. We anticipate this approval is 3 – 6 months out.
